

# *Every woman needs to be aware about the symptoms of Ovarian Cancer, ARE YOU?*

## **OVARIAN CANCER SYMPTOMS ARE:**

- **Frequent** - they usually happen more than 12 times a month
- **Persistent** - they don't go away
- **New** - they are not normal for you

If you experience symptoms  
**LONGER THAN 2 WEEKS,**  
seek the attention of  
a medical expert.
